It is important for anyone to protect his or her ideas. For entrepreneurs, it is essential to safeguard this investment. Intellectual Property (IP) systems can be critical in helping new ventures transform their innovation potential and creativity into market value and competitiveness. It is felt that IPR requires greater understanding and attention by the industry, particularly the MSME and Start- Ups. In order to remain competitive and relevant in today's knowledge based economy, there is always the constant need to research and innovate. Against this backdrop, PHD Chamber of Commerce and Industry in collaboration Sharda Group of Institutions under the aegis Ministry of MSME, Govt of India is organizing a **Seminar on role of Importance of Intellectual Property Rights in Entrepreneurship and Start ups** on 4th November 2019 at 11:30 am at Hindustan college of science & technology, 26 Km. The objective of the seminar:

- To significantly raise the level of awareness and interest/knowledge about IPR Issues.
