SHARDA... A PANORAMIC VIEW

Sharda Group is a multi-million-dollar conglomerate with operations in India & Uzbekistan and has plans to expand further to the other countries. We are committed to diversity in education. The group is touching the lives of 15 million people through various areas like Education, Information Technology, Engineering Equipment, Construction, Healthcare, Biotechnology, Start Ups and Skill Development.

The group is on the pathway of growth spearheaded by Shri. P.K. Gupta who lives by his vision of growth with quality.

"It takes a VISION to change the game"

1996

The Sharda Group of Institutions was established in 1996 to bring world-class education to the youth to explore global opportunities. The First Self Financed Engineering College, Hindustan College of Science and Technology was established in 1996 with 160 students; the journey continues with 20,000(+) students....

- 1997 - Hindustan Institute of Mgmt. and Computer Studies
- 1998 - Anand Engineering College
- 2003 - Anand College of Education
- 2006 - Anand College of Pharmacy
- 2021 - Anand Polytechnic College

2005

Rishav Shelters was established as a world-class land developer and planner in construction including Institutional Buildings, Hostels and Offices. Rishav Shelters operates as a EPC Organization (Engineering, Procurement and Construction) relating to infrastructure projects and systems for construction work.

2006

Sharda Hospital has become a beacon of hope for patients from Greater Noida and nearby areas. The only 1200+ beds medical education and training hospital in the region, Sharda Hospital is driven by the vision of 450+ doctors who believe in holistic treatment and care.

2009

Sharda University, Gr. Noida is the NAAC 'A+' Accredited University, over the years has become one of the leading centres of Education, Research and Innovation in India with Global Recognitions & Accreditations. The University offers degree in Engineering, Management, Basic Science, Media, Law, Agriculture, Allied Health, Pharmacy, Medical, Dental, Architecture, Education, Humanities and Nursing with students from 95(+) countries 29 states, and Union Territories, providing cultural diversity and global exposure to students.

2013

Sharda Launchpad, the StartUp wing of Sharda University, serving as the springboard for students and budding entrepreneurs who are living the dream to make India self-reliant. Sharda Launchpad is the Business Incubator (BI) of MSME and has collaboration with IIT Kanpur for sharing of resources.

2016

Sharda Tech is the IT wing of the Sharda Group. The company aspires to revolutionize the digital sector through cutting edge products and serve prestigious National and International brands.

2020

Maxwell Biotech is an upcoming entity in biotechnology that is being envisioned to make a mark in Research for the benefit of mankind.

2019

Sharda University, Uzbekistan is the first independent private university in Fergana valley that is being envisioned to become the gateway for students from Eurasia.

2021

Sharda World School is an initiative of the Sharda Group, India's first school integrating education with the five elements of nature. Our learning philosophy is based on the principle of "Panchamahabhutas" i.e. Water, Earth, Air, Fire and Space. The concept of 5 fundamental elements is strongly embedded in Indian Philosophy and their reflection can also be traced in some western education philosophy such as 'Waldorf Education' which speaks of

VISION

The Sharda Educational Trust envisions an ambience of excellence, inspiring value based Education, Research and Development.

MISSION

- » Deliver quality education comparable with the best in class.
- » Train students with world-class competencies and cutting edge proficiency to face the challenges of global market with confidence.
- » Develop in students the attitude for a value-based, fulfilling and a wholesome life.
- » Create effective interface with Industry and community to make education responsive to change and relevant to the needs.
- » Absorb and create through R&D, disseminate and help to apply state of the art technology and practices to societal problems.
- » Build top of the line faculty through appropriate human resource policies, to achieve mission goals.

GOAL

"To be the first choice educational group in Northern India, attracting the best students and faculty, providing application-based learning for best in class placements in blue chip companies or entrepreneurial success as per their calling..."

Adding Value to your Career

The Sharda Group of Institutions has been a provider of world-class education since 1996. It is the largest educational group based in Uttar Pradesh, having 20,000+ students and 1100+ faculty with global experience. It has 60000+ alumni who are today leaders in their realms, with state-of-the-art campuses in Agra, Mathura, Greater Noida and Uzbekistan; the group has transformed the perception of education by adopting a broader approach and focussing on overall development of an individual. Spread across 180 acres of land with 3.5 million square feet of infrastructure, the group has earned the trust and respect as a progressive education provider with successful alumni and prolific faculty.

We believe in strategic growth as envisaged in our vision and mission to impart value based education through vertical and horizontal integration. We strive to become a world class education hub with a global perspective, that educates the future leaders of the world. Therefore, we always remain in the forefront of cutting edge knowledge and follow the best academic practices. By the fostering of quality education, research and innovation, the group endeavour to empower youth.

The group translate its vision into reality on the path of achieving excellence in Engineering, Management and Pharmacy based on the fundamentals of 21st century education to conform and serve basic human needs for overall development and inclusive growth. People can't be taught but they can only learn, we facilitate learning by creating an enabling environment. Information can be shared, experiences can be shared, techniques can be mastered but learning has to take place within. We want to transform our students as a person with values so that they can contribute towards the progress of the society.

MESSAGE FROM THE **FOUNDER**, SHARDA GROUP

As the Founder of Sharda Group, I have both the opportunity to provide forward-looking leadership and to ensure that Sharda becomes a model of excellence in education for the country in the years to come. After successfully establishing college campuses in Agra & Mathura, and university campuses in Greater Noida and Uzbekistan; the group is open to diversity in perspectives and traditions as essential components of a quality education in a global context.

Education plays a vital role in changing lives. To us, good academics means all round 'Value Addition'. This encompasses the entire gamut of activities shaping the comprehensive development of an individual....through academic, co-curricular, extra-curricular, social, cultural, sports and other activities that help in forming the complete profile of a person (in addition to domain knowledge and skill base), leading him/her to a successful career.

To accomplish this, there's extensive support of superior infrastructure and learning resources like labs, libraries, workshops, research collaborations, academic alliances, innovative teaching methodologies --amply certified by a number of awards and recognitions.

Here is your opportunity for carving out a successful future. Welcome aboard and carve a niche for yourself!!

Mr. Pradeep Kumar Gupta
Founder, Sharda Group

MESSAGE FROM THE **CO-FOUNDER**, SHARDA GROUP

We believe that the essence of the institutions is to create, integrate and disseminate better understandings of the world around us through knowledge. We are committed to achieve excellence in research and to ensure that it will contribute to the well-being of society. We provide a creative and supportive environment to the students in which the ideas are generated and can flourish. We understand the importance of rapid shift in the global market and thus have created an inspiring pedagogy fulfilling the student aspirations and industry requisites.

It gives me immense pleasure to discover that the culture and character of learning we have aimed to convey so far has reached out to people quite effectively, making the most of virtues and values we put up with. And this is certainly the reason how a humble thought of imparting quality education that was laid 27 years back translates into a commitment to allow students a comprehensive facility of modern education. We are working ever-harder and hoping to take this endeavor to meet the best of opportunities and aspirations to keep it ticking with the fine mark of success!

Mr. Yatendra Kumar Gupta
Co-Founder, Sharda Group
Pro-Chancellor, Sharda University

MESSAGE FROM THE CEO, SHARDA GROUP

We believe that creating an academic foundation for social, cultural, scientific, economic and technological development in our Nation can mature into Global Interface by giving way to education exchange in the International territory as well. We aim at establishing bench marks in academic excellence and holistic grooming to help our students to meet the career challenges in the increasingly globalised economic conditions.

Learning should be based on doing things and not merely knowing things. Until and unless learning solutions relate to real life and motivate the learners to acquire and apply their knowledge, the whole process will remain superficial. Any institution looks to optimize the productivity of global leaders. Our institution has set specific objectives and planned activities for achieving excellence in all spheres of technical education, research and innovation.

Our vision is based on hard work, open communication, a strong emphasis on team work and a high level of responsibility. This visionary culture allows not only to adopt the present-day challenges but also individual responsibilities to the society and our nation at large.

Mr. Prashant Gupta
CEO, Sharda Group
President, Sharda University Uzbekistan

MESSAGE FROM THE **EVP**, SHARDA GROUP OF INSTITUTIONS

At Sharda, we provide an environment where academic excellence along with co-curricular and extra-curricular activities completes the process of education. I am happy to share that our group is progressing in all its endeavours towards the holistic development of the students. The success of the college can be attributed to our ability to identify and respond to the changing demands across the ever-widening education sector. We have set ourselves the dual objectives of being recognized as a premier provider of education and carrying on the legacy of this great nation in defining a future even more powerful than our past. Right from its inception to now, our institution has marched forward to spread the light of education and pave the path of academic excellence for every student.

We wish to continue our efforts in providing a rich blend of value-based education so that our students develop into responsible citizens of society equipped with the competence and knowledge skill sets of the 21st century.

I wish you all success and wonderful experience at Sharda.

SHARDA ADVANTAGE

We look to the future and believe in innovation; a vibrant, forward-thinking institutions with a reputation for high-achievers; students, academicians and researchers. As you make the big decision as to where you would like to spend your college years, there are specific things you might like to know about us.

A PROFESSIONALLY MANAGED GROUP

Unlike most Institutions, SGI is managed by professionals drawn from prestigious Institutions and top corporates. Management draws its strength from valuable inputs given by its stakeholders - Academicians, Industry, Global Partners, Students and Parents.

CHOICE BASED CAREERS

SGI offers a unique platform that allow our students to choose career path that fulfill their aspirations. Be it Job Placements in Top Notch MNC's, preparation for Govt. & Defence services, starting up own venture or higher studies internationally.

TEACHING THAT TRANSFORMS

SGI academic fraternity is drawn from top universities nationally and internationally. Blended teaching approach integrates traditional & online learning giving our students an edge during selection process and while applying for higher studies internationally.

BEST RETURN ON INVESTMENT

With affordable fee structure, varied career opportunities, multi offers in top MNC's with premium pay packages, SGI offers highest return on investment in the region.

AWARDS & RANKINGS

As a mark of academic excellence, our awards and rankings act as a quality guarantee of our education system and pedagogy.

RESEARCH INTENSIVE INSTITUTIONS

From scientific experiments to the product developments, SGI accords its students to get involved in research that offers hands-on experience.

STUDENT-CENTRIC COLLEGE

We are student centric, various key functions are ably supported by committed student bodies. Uniquely designed system allows our students to participate in academic development & administrative functions. Regular feedback mechanism & transparent system makes the learning experience enriching.

ROBUST INDUSTRY INTERFACE

We understand the active engagement of the industry with the academia is vital for developing the required skills in the future professionals. To facilitate the industry in the current scenario of the skill gap "Institute Industry Interface Program" has been introduced.

ACADEMIC PARTNERS

Our strategic alliances ensure a global academic exposure in the course of the studies. Over a period it has become an inbuilt mechanism of monitoring, quality control and collaboration with education providers.

MOU's STARTUP

MOUs with Sector Skill Council in sync with new Higher Education Policy, Research Funding from Ministry of Science & Technology, Govt. of India, support in launching the startup through in-house Incubation Centre supported by MSME, GOI & IB- HUBS, UP, GOVT.

Engineering is an important field that offers technical solutions to the practical problems of our everyday life. A career in engineering is a very well-paid profession that has created revolutionary inventions, from the electric motor to the steam power engine. Encompassing a variety of specialities, engineering is a growing industry that offers competitive edge as well as new opportunities to develop and work with various technologies.

In engineering students can choose between a variety of specializations which includes Civil, Mechanical, Computer Science, Information Technology, Chemical, Bio-Tech, Electronics & Communication, Electrical & Electronics, Data Science, Artificial Intelligence, Machine Learning.

Our approach is to blend theoretical concepts of the university curriculum with practical applications relevant to the Industry, thereby providing meaningful education which contributes to the holistic development of the students. We believe in a teaching – learning environment, which stimulates the lifelong success. Students are able to enrich their knowledge, competency and values through lectures, interactive group discussions, presentations, assignments and projects. Socrates said **“QUALITY IS NOT AN ACT BUT A HABIT”** and the same is believed and implemented in our college.

The main aim of management courses is to prepare students to apply management principles in a variety of industrial situations. These courses will help students in building managerial abilities such as communication, leadership and teamwork. It will also help prospective entrepreneurs to advance their career and act as a platform to start their own business after completing the course from the college. The approach to pedagogy combines fieldwork, case studies and feedback with a strong emphasis on concepts and theory.

MBA & MCA program lay emphasis on all-round development of the students and inculcate human values and professional ethics in them. The mode of learning at our institution is different from other B-Schools. We encourage learning beyond the classroom, picking up case-studies from around us, observing the traditional negotiation skills and to learn business wisdom from every nook and corner, application of knowledge to real- life situations. Our students have initiated a wide range of projects ranging from Social Entrepreneurship to Community Engagement and Service Learning. A unique way of supplementing practical skills of business management with the "The Liberal Arts Skills" much sought by the employers today. Panel discussions on contemporary issues are organized followed by a play on related theme. This goes a long way in helping students succeed, lead and make a difference throughout their personal and professional lives.

BBA is one of the most popular bachelor's degree. This degree course is about the management of a business, company or organisation. You are taught skills and in-depth knowledge of the business world, and all the intricate aspects of running a business. This is one of the best professional degrees for 12th pass students. There is a misconception that BBA is only good if you want to do MBA degree. BBA on its own has a lot of value and BBA graduates find excellent career opportunities right after completing the course.

BCA (Bachelor of Computer Application) degree is a three-year degree program. This degree is for those who want to study computer science, software engineering, information technology, information security and networking technology. Computer science can help you to find solutions to complex problems in a world full of complex and fast-moving technology.

Pharmacy is the science and practice of discovering, producing, preparing, dispensing, reviewing and monitoring medications, aiming to ensure the safe, effective, and affordable use of medicines. It links health sciences with pharmaceutical sciences and natural sciences. The professional practice is becoming more clinically oriented as most of the drugs are now manufactured by pharmaceutical industries. Pharmacists, therefore, are experts on drug therapy and are the primary health professionals who optimize the use of medication for the benefit of the patients.

The college has well-equipped laboratories with best in class equipments as per the Pharmacy Council of India (PCI) guidelines. Excellent infrastructure to make the students acquire knowledge and have ample avenues to explore and excel in the field of quality control, quality assurance, research and development, product development and sales marketing, academics and drug regulatory departments and even careers abroad. Students are provided the best quality education through traditional and modern teaching methods. National Seminars, Workshops and Industrial visits are conducted in the college at regular intervals which enable the students to acquire the updated knowledge.

The college has been instrumental in developing high quality pharmacists and researchers, in a learner-centered academic and professional environment, with the necessary knowledge, skills and aptitude, to serve the ever growing healthcare needs of society. It is the first pharmacy college in the part of the state, with a well equipped, state-of -the art research laboratories along with well maintained animal house for the research work where students explore the various effects of drugs and formulations on the animals.

The profession of teaching gives a person the chance to build a healthy academic system for the country. A teacher is the most crucial person in shaping the mind of young students. It is an undeniable fact that there are some great teachers behind every successful student. Apart from respect, there are various paths for career progression as a teacher. Recently, approximately 1200 students from different IITs and NITs were employed to teach students in backward areas. So, in order to pursue your dream of becoming a teacher professionally, you would have to complete your graduation degree followed by a B.Ed. which is a two years course.

The main objective of the college is to endeavor, encourage and provide the latest educational facilities, courses and career opportunities to inculcate the moral and ethical values among individuals to promote spirit of creativity, innovation and excellence.
