## POLICY FOR CLEAN & GREEN CAMPUS

Maintaining a clean and green campus is vital for many good reasons. It increases the serenity and sanctity of the campus. It enhances the air quality, decreases pollution, increases soil fertility and reduces spread of disease. The following points are included as a policy for clean and green campus.

- Implementation of regular planting of trees.
- Use of pedestrian friendly pathways on the campus.
- Restriction of frequent movement of vehicles in the campus which keeps a check on air pollution.
- Encourage the stake holders to reduce the use of single use plastic.
- Proper use of dust-bins to dispose-off waste and maintain discretion between wet waste, dry waste and non-biodegradable waste and treat them separately.
- Make use of organic farming as a means of increasing or at least maintaining the soil fertility.
- Proper co-ordination between water conservation and green campus activities should be evident while implementation
- Creation of yearly execution plan for the same to continuously improve the efforts in the same.

HCST/DIR/2018

Dt 16<sup>th</sup> February, 2018

## CIRCULAR

It is hereby informed that as per the meeting conducted by IQAC on 10 February, 2018 the following amendments are made for smooth functioning and maintaining sustainable green culture in the college.

1. Frequent usage of two and four wheeler vehicles are prohibited in the campus.
2. All the stake holders are advised to park their vehicles in the designated parking area only.
3. Throw the waste only in the dustbins provided.
4. Take all measures to avoid/reduce usage of single use plastic inside the campus

Following the above points would make our campus clean and green. So all the stake holders are requested to work the same.
